

Texel Sheep Breeders Society 2020 Junior Futurity Program

In an effort to get a greater number of junior members interested and in turn involved, the Texel Sheep Breeders Society will yet again be sponsoring a Futurity program for a Texel ewe lamb and yearling ewe in 2020. In addition, the implementation of this program will encourage more producers to exhibit and participate in Texel sheep sales around the country, thus exposing the Texel breed to a larger audience. The Futurity program will make it beneficial for breeders to consign their very best animals to sales and motivate junior members to purchase high quality breeding stock.

The rules of the Futurity are as follows:

Junior members must purchase a ewe(s) at one of the designated sales, exhibit the purchased ewe(s) at county, state, and national show(s), and submit show results on the point record form. In addition to adding a top quality female to his or her flock, junior members are eligible to win additional premiums and awards at the conclusion of the exhibition year. In order to participate, junior members must obtain ownership by July 1, 2020.

In order to qualify as a Futurity nominated female, Texel ewes must be purchased at a public auction/sale. Sales in which Texel ewes may be purchased from include but are not limited to the Ohio Showcase Show and Sale; the Midwest Stud Ram Sale; or any other public sale where Texel sheep are sold at auction and a Futurity fee can be collected. Due to the COVID-19 pandemic, those ewes that were previously entered in public auctions, but now are offered online through the sales management team will be eligible for the 2020 Futurity program. However, ewes purchased private treaty ARE NOT eligible for the Futurity program.
